

Worn with LUV

A consignment boutique specializing in children's clothing, accessories, toys and maternity.

How to Consign with us?

Worn with LUV accepts name brand, gently worn children's clothing, newborn through size 8. Maternity, baby equipment, nursery furniture and toys are also taken on consignment. Consignments are accepted during the week (Wed-Fri) by appointment for your first drop off.

After your first time consigning with *Worn with LUV*, all consignments are accepted on a "drop and run" system. During your first drop off, you will note whether you are a "donate" or a "return" consignor. When we process your bins, if you are a "return", we will put the items we are not accepting for sale back in your bin and you can pick them up. **Any "return" items not picked up within the 14-day time frame of the date you are notified will be donated.** If you are a "donate", we will simply donate those items that we do not consider to be sellable. Please don't be offended if we say "no thank you" to items you have asked to consign. You may have some great brands, but the style, wear or age of the clothing may prevent us from accepting them.

Clothing Guidelines:

- Clothing over 4 years old will not be accepted. Some items have dates on their tags. Some items you can tell how old it is by the logo on the tags. This policy is in an effort to conform to the “lead” guidelines of Consumer Product Safety Improvement Act.
- Clothing must be seasonal:
 - Spring/Summer - tees, tanks, shorts, swimwear, sandals, light jackets, etc.
 - Swimwear should not have any tears, frays or stains
 - Fall/Winter - Long sleeved shirts, sweaters, jeans and corduroys, boots, coats, etc.
 - Gloves must be paired with their partners.
- **Clothing must be clean and freshly laundered:** We will not accept clothing that is stained, soiled, spotted, dusty, smelling of smoke or mildew, or items with lint or pet hair. Even clean clothing that has been in storage needs to be freshened.
- **Clothing must be in good salable condition:** We prefer clothing that shows very little age and wear. Watch for fading of dark or bright colors. Knits (sweaters, baby sleepers, even tee shirts) tend to pill or get fuzzy after a few washings. Decals and appliques should not be cracked, curled, or peeling. Knees should not be worn or faded. Pants should not have frayed hems. All buttons, snaps, and zippers should be in good working condition. Velcro should be free of lint.
- Please use care when packing your items. Bring clothing in neatly organized (having matching sets together) and placed in a plastic storage tub. To reduce wrinkling and crushing, neatly fold them in a box; a plastic medium sized tub is preferable. **Plastic bags and garbage bags are not acceptable.**
- Shoes must be clean (bottoms, too!) and polished. They should have a good tread, shoestrings/straps, non-smelly, and able to read shoe size and brand.

- All items must be CLEAN! Please remove any fabric pads or covers and machine wash them. Wipe down all surfaces with bleach or a Lysol-type cleaner. Then put it all back together.
